About the project

The project aims to develop youth workers' skills and competencies related to first aid, risk management and managing difficult situations.

Three experienced trainers will provide the participants with the necessary information, and will help them enhance their abilities through the methods of non-formal and informal education. After the course, the youth workers will know more about protection of the people they work with, how to prevent risk situations, and how to make the other members of their organizations aware of these issues.

Transport costs

Participants in training for youth workers can have their travel expenses reimbursed according to Erasmus + travel calculator: <https://erasmus-plus.ec.europa.eu/resources-and-tools/distance-calculator>

The reimbursement covers only travelling by plane, train and bus metro... The money paid for a taxi cannot be reimbursed! Please keep all receipts and invoices with you. Print all your tickets and invoices if the tickets are bought online.

IMPORTANT: You will get your reimbursement after WE HAVE RECEIVED all your travel documents. You will receive your reimbursement money through your sending organization, so you need to inform them about the details of your bank account. We are forced to do this because in the past a lot of participants had delay in sending their boarding passes to us and we were not able to submit our final report on time. If you travel only by bus, we just need your tickets.

What to prepare for the activities:

- Energizers (each day a different national team will perform them)
- Souvenirs, food and drinks typical of your country (for the intercultural nights)
- The details of your personal bank account in your country of residence as well as the details of the bank account of your sending organization (you can ask them for this).
- Good mood !!!

See You Soon in Bulgaria !!!
